# HEALTH CARE AGENCY/PUBLIC HEALTH ENVIRONMENTAL HEALTH *INFORMATIONAL BULLETIN*

**TO:** Community Event Participants and Nonprofit Associations

**FROM:** Environmental Health  
Orange County Health Care Agency

**SUBJECT:** **Procedures for Exemption of For-Profit Entities Giving or Selling Food for the Benefit of a Nonprofit Association at Community Events**

INTRODUCTION:

The California Retail Food Code (CRFC), Section 113789(c) (4), allows for nonprofit exemptions at *community events*. Specifically, this section exempts from regulation:

"(113789) A for-profit entity that gives or sells food at an event that occurs not more than three days in a 90-day period for the benefit of a nonprofit association, if the for-profit entity receives no monetary benefit, other than that resulting from recognition from participating in an event."

(113755) "Community event" means an event that is of civic, political, public or educational nature, including state and county fairs, city festivals, circuses, and other public gathering events approved by the local enforcement agency.

Attached are documents to be completed by the for-profit entities requesting exemption, and documents to be completed by the nonprofit association receiving the benefit. Both sets of documents must be received in order to be considered for exemption.

These documents must be filled out completely and submitted to Environmental Health at least two weeks prior to the event in order to be considered for exemption.

Prior to consideration for exemption by this Agency, approval must first be obtained by the city or the local jurisdiction where the event is to occur. If the exemption is approved, the sponsoring non-profit organization requesting the exemption will receive an approval e-mail or phone call. There will be no formal approval letter generated. You are hereby notified that if this application is accepted, **Environmental Health will not be conducting inspections of exempt food vendors operating at this event.** Accordingly, the Health Care Agency recommends that you obtain the guidance of a professional Environmental Health Specialist or other inspection service to help ensure healthful, sanitary and safe conditions for members of the public attending the event. Environmental Health will contact you if any questions arise regarding the documents submitted.
